David Roxby

Flinders Medical Centre, Australia

David is Head; SA Pathology Transfusion Service, South Australia and an Associate Professor, Department of Haematology & Genetic Pathology, Flinders University. He holds an Associate Fellowship of the Royal College of Pathologists of Australasia (RCPA) and is a Fellow of the Faculty of Science, RCPA. Recently he completed his PhD from Flinders University, South Australia in the field of Transfusion Medicine.

Over the years he has been very active as a teacher, supervisor and examiner in science, medicine, nursing and midwifery as well as being the recipient of numerous awards and research grants totalling more than AUS\$3,500,000, publishing more than 40 peer-reviewed scientific papers.

David has participated in numerous high level committees including the National Association of Testing Authorities (NATA), Medical Testing Accreditation Advisory Committee (MTAAC), National Blood Authority (NBA), and as a member of the Australian Red Cross Blood Service Advisory Committee. He has also been involved with the Australian & New Zealand Society of Blood Transfusion (ANZSBT) over many years, serving as a Council member and Honorary Treasurer for 11 years and chairing the Scientific Sub-committee, now the Transfusion Science Standing Committee for 9 years. More recently he became a member of the Clinical Transfusion Working Party of the International Society of Blood Transfusion.

His particular areas of interest include the interface between the laboratory and clinical practice, improvement in transfusion practices, critical bleeding and massive transfusion and the safe and appropriate use of blood and blood products.
